**Articulation Agreement  
between  
Community College of Allegheny County  
and  
University of Pittsburgh  
College of General Studies**

The Community College of Allegheny County (CCAC) and the College of General Studies (CGS) at the University of Pittsburgh recognize the need and importance of facilitating the transfer of students from one institution to the other as they pursue their educational goals. To ensure that the full resources of both institutions are available to these students and that transfer students are treated on an equal basis, the colleges enter into the following articulation agreement.

**CCAC/CGS Panther Pathways Program**

Upon completion of the CCAC/CGS Panther Pathways Program specified in this document, a student may expect the following:

1. To earn the Criminal Justice and Criminology (Associate of Science) degree from CCAC.
2. To be guaranteed admission to CGS provided that:
  - An overall grade point average of 2.50 on a 4.00 scale has been attained at CCAC in the CCAC/CGS Panther Pathways Program coursework; and,
  - An overall 3.00 grade point average has been attained in all Criminal Justice and Criminology major course work.

Important Note: Students who meet the requirements above are guaranteed admission to CGS. All others, such as those with lower grade point averages and/or fewer courses, are still eligible to apply for transfer admission. Admissions decisions will be made after an individual review of each student's record. Although students are encouraged to complete the Associate Degree at CCAC, it is not required for admission to CGS.

3. To have the courses specified in the CCAC/CGS Panther Pathways Program accepted for transfer by CGS (courses must be completed with a grade of C or better).
4. To have all courses that are accepted by CGS, in accordance with the applicable transfer credit policy, applied to the attainment of the Bachelor of Arts in Administration of Justice degree, thus resulting in the student receiving 55-60 credits. A listing of the course requirements is attached here to as Exhibit A.

**Student Services**

Students transferring from CCAC to CGS will be treated on an equal basis with other University of Pittsburgh transfer students with regard to the awarding and distribution of financial aid, campus housing, selection of courses and other student services.

While working on their requirements at CCAC, students will be offered an advising appointment with a CGS advisor. The purpose of these appointments will be to help them understand how their credits earned each term will apply towards their BA in Administration of Justice.

#### **Pitt Admissions Process**

Students who are pursuing CCAC's Criminal Justice and Criminology (Associate of Science) and the CCAC/CGS Panther Pathways Program will follow the academic program specified in this document. Once complete, the student will complete the University of Pittsburgh Transfer Application and submit it along with all required official academic transcripts and documents to the University of Pittsburgh. (Complete instructions for transfer application are included in the application booklet or online at <http://www.oafa.pitt.edu>. The booklet may be obtained from either CCAC or CGS.) Provided that the student has met the requirements specified earlier, they will be accepted into CGS.

#### **Panther Pathways Application of Intent**

Students who would like to enroll in the CCAC/CGS Panther Pathways Program may do so by completing an application. Applications can be found on the CGS website or obtained from the CCAC Transfer Services or CCAC Admissions office (completed applications should be returned to either of these offices). Students will also need to sign a waiver, agreeing to allow CCAC to share academic transcripts with CGS at the end of every term.

Neither party will discriminate in performing its duties here under on the basis of race, color, religion, national origin, ancestry, sex, age, marital status, familial status, sexual orientation, gender identity and expression, genetic information, disability or status as a veteran.

The liaisons from both institutions will review this agreement annually, revising it if necessary. An extensive review will take place five years from the date of signing. Attachments regarding curriculum requirements should be reviewed as required.
